51.20

Richmond Hill

Most rental choice

4.60

Brampton

2BR income needed

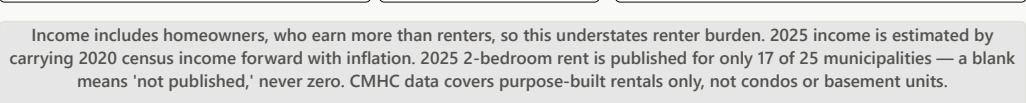

95K

Newmarket

Widest growth gap

17.30

Newmarket

Income includes homeowners, who earn more than renters, so this understates renter burden. 2025 income is estimated by carrying 2020 census income forward with inflation. 2025 2-bedroom rent is published for only 17 of 25 municipalities — a blank means 'not published,' never zero. CMHC data covers purpose-built rentals only, not condos or basement units.
